EXPERIENCE

COMMAND CENTRE SPECIALIST

[Doritech Consultancy & Software Solutions, Sector-63 Noida] Feb 25 –August 25

- Monitored health of security devices (CCTV, Fire Alarm, Security Alarm) across multiple branches.
- Generated reports on device alerts, performed IP connectivity checks using ping tests.
- Coordinated with vendors and branch offices for issue resolution.
- Worked on HMS(SIM- based monitoring) and CMS (Internet-based monitoring) systems.

PROJECTS

•Personal Portfolio

Developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript. The website includes multiple sections such as About Me, Skills, Projects, and Contact Form to showcase professional information and projects effectively.

•Simon Says Game

Built an interactive memory-based game using HTML, CSS, and JavaScript. And Implemented dynamic color patterns with increasing difficulty levels. And also Enhanced DOM manipulation and event handling skills through game logic development. Designed a responsive and user-friendly interface for smooth gameplay across devices.

•FoodieCrush Website

Built a full stack food ordering platform using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB. Implemented user authentication, add-to-cart feature, order placement, and database-driven product management. And Developed REST APIs and performed full CRUD operations for seamless data flow. Designed responsive UI ensuring smooth navigation and enhanced user experience.

CERTIFICATION & TRAININGS

•Full Stack Web Development (Apna College)

Feb 25- Present

Currently pursuing full stack web development course covering HTML, CSS, JavaScript, React, Node.js, Express.js, and MongoDB.

•AI & Data Science Training (Capgemini , collaboration with NASSCOM foundation)

Dec 24 - March 25

Completed 3-month training where I gained valuable knowledge in Python programming, data analysis using Pandas and NumPy, data visualization, and applied machine learning algorithms to real-world datasets.

•Web Development & Software Testing Training (QSpiders , Noida)

June24 - July24

Completed hands-on training where I enhanced my skills in HTML, CSS, JavaScript, and gained foundational knowledge in Core Java. Also learned the basics of manual testing and automation testing concepts.
